

Suntory Beverage and Food Europe Targets

Net Zero Greenhouse Gas Emissions Across Entire Value Chain

-Suntory Group globally raises ambition of its 2050 environmental vision-

London, ENGLAND (June 30, 2020) — In Suntory Group's continuous efforts to tackle environmental sustainability challenges around the world, Suntory Beverage and Food Europe (SBFE) has raised the ambition of its 2050 environmental vision, aiming to achieve net zero greenhouse gas emissions across its entire value chain.

As a multi-faceted food and beverage company whose production is supported by the gift of mother nature, the Suntory Group has been aiming for a sustainable society since its founding with a mission to 'Create harmony with people and nature' and the principle of 'Mizu To Ikiru', or living with water, which is the company's promise to stakeholders. By establishing the "Basic Principles of Suntory Group's Environmental Policy" in 1997, and the "Suntory Environmental Vision toward 2050" in 2014, the Suntory Group has been accelerating its efforts to promoting sustainable management.

While aiming for net zero greenhouse gas emission across the whole value chain, SBFE through its local business operations will implement renewable energy solutions, utilize next-generation infrastructure options and work together with supply chain stakeholders to contribute to realizing a carbon-free society, while maintaining its current energy conservation initiatives.

SBFE and its local business operations have already committed to Science Based Targets to achieve reductions in emissions by 2030. Progress against the targets has been made by investment in new energy efficient production lines, using more sustainable packaging materials, for example increasing the use of recycled plastic and switching to renewable energy purchase agreements.

Suntory Group will continue its efforts to promoting sustainable management and tackle social issues on a global level.

• Suntory Environmental Vision toward 2050

The Suntory Group has formulated the vision below toward 2050 for the purpose of passing down a sustainable global environment to the next generation around the pillars of water sustainability and climate change measures as a company in harmony with nature.

1. Water Sustainability

- Reduce water consumption at our plants worldwide*
- Preserve water resources and the ecosystem to cultivate more water than is used by plants worldwide
- Realize sustainable water use at primary raw material farms
- Share the Sustainable Water Philosophy broadly in communities where we are expanding our primary businesses

2. Climate Change Measures

- Aim for net zero greenhouse gas emissions across the whole value chain by 2050

Continue to promote energy conservation, proactively implement renewable energy solutions, utilize next-generation infrastructure options and work together with stakeholders across the value chain in order to contribute to realizing a decarbonized society

* Reduction per unit production based on the business fields in 2015

ends

About Suntory Beverage and Food Europe

Suntory Beverage & Food Europe (SBFE) is one of five regional divisions of the Japan-based Suntory Group, the world's third largest drinks company. We're proud to be part of a family-owned business with its inspiring 120-year heritage and we are guided by Shinjiro Torii's founding spirit.

SBFE is made up of 3,800 passionate people working in business units throughout Europe on hugely iconic brands including Schweppes, Orangina, Lucozade, Ribena, La Casera, Oasis, Pulco, MayTea, TriNa and Sunny D with a commitment to producing great-tasting, healthier drinks.

Everything we do flows from our Mizu To Ikiru promise and our vision of Growing for Good. Being in harmony with people and nature is at the heart of our business, and we're working every day to ensure that future generations inherit and enjoy a healthy planet.

About Suntory Group

As a global leader in both the alcohol and non-alcohol beverages industry, Suntory Group offers a uniquely diverse portfolio of products from premium spirits, beer and wine to brewed teas, bottled water, carbonated soft drinks, ready-to-drink coffee and energy drinks, along with health and wellness products. Suntory is home to award-winning Japanese whiskies *Yamazaki*, *Hibiki* and *Hakushu* as well as iconic American spirits *Jim Beam* and *Maker's Mark*. We also fascinate the taste buds in Japan and the Asian market with our *Premium Malt's* beer. Our brand collection also includes non-alcoholic favorites *Orangina*, *Lucozade*, *Ribena*, *BOSS* coffee, *Iyemon* green tea, and *Suntory Tennensui* water.

Founded as a family-owned business in 1899 in Osaka, Japan, Suntory Group has grown into a global company operating throughout the Americas, Europe, Africa, Asia and Oceania with an annual revenue (excluding excise taxes) of \$21.0 billion in 2019. We are driven by Yatte Minahare - the spirit of bold ambition - and our 40,210 employees worldwide draw upon our unique blend of Japanese artisanship and global tastes to explore new product categories and markets.

As a company that delivers blessings of water and nature to our customers, we are committed to our mission to create harmony with people and nature. Always aspiring to grow for good, we are devoted to giving back to society through protecting water resources, nurturing our communities and fostering the arts.
